Excellent book. We have been buying the AMERICAN CASINO GUIDE for many years, mostly for the coupons to casinos in Las Vegas. Meal coupons alone more than pay for the purchase price. We have also found the information to be very useful in visiting casinos in Las Vegas. The only missing information is the type PLAYERS CARD needed in each casino. Otherwise GREAT INVESTMENT..

Just got back from Vegas.I haven't been in many years,so it was something of a shock at the changes. Lucky for me, I had come upon this little gem of a book. Ckock full of helpful information,tips and coupons for free and reduced items. Many buy one get one free meals, shows,and exhibits. Helpful tips on transportation. Lists not only Vegas,but every casino in the country. Definitely a must,if you're planning trip to any casino town.

Always love to get this book before our trip to Las Vegas. Also like that there is a coupon for the local casino to us in Illinois as well. That coupon for the buffet near us pays for the book cost and then a little. So when we use anything in Vegas we are basically getting those discounts for free since the cost of the book is covered already by the one local coupon.

I bought this book after reading a lot of reviews that this could help us to save money on our trip to Vegas and I am glad I did! We saved a lot mostly on food like Pizza and admission fee for Stratosphere tower. Also can save more if we play more at casinos.

My friends told me about this book in 2012 and we used it for Vegas last year. The coupon for the Flame Steakhouse at El Cortez pays for the book itself. My wife used it a lot more than I since I was mainly playing poker tournaments all day, but she got her money's worth out of the book. Could we have used it more yes, but that was more my fault since I was playing so much poker.This year I was a little worried about getting the book after reading a couple of reviews here. I'm glad I don't listen to negative reviews that much. Someone said there are less coupons and it's not worth it. They were wrong there are a lot more coupons, they did take out a lot of other states coupons which

I'm happy with. I want the book for Vegas and I was very happy when I looked at it last night. First off the Flame Steakhouse is still in there, which pays for the book. I'm staying downtown again and there are 4 coupons in the book for the casino I'm staying at and there were none in it last year. So I'm very happy with the book and I'm not planning on playing poker all day and night this trip so I know we will even get more out of the book than last year. I should state this though, if you are staying on the strip and don't plan on coming downtown the value of the book isn't as great. You can still get your money's worth with places in New York or Planet Hollywood and a few other places. But really the book is perfect for downtown. Last year was the first time I stayed downtown, it's a lot better than it use to be and still cheap to stay and eat unlike the strip. Plus I've heard they have even made more improvements downtown from when I was there last May. So maybe try going downtown and really use the book to it's fullest.

We did get some use out of this and will likely repurchase 2017 book for our next trip.

This is a good coupon book for vegas. Approx \$200 worth of gambling matchplays/slotplay. If you buy this, it is an absolute must you get the las vegas advisor reward book as well for \$40. You can double dip since Iva has alot of the same matchplay coupons. The Iva has about twice the gambling coupons and well worth the \$40. Spend the \$55 for both books and you will be glad you did. Take your spouse and get two of each book and really profit! As a bonus, the 2 for 1 buffets are nice as well.

I used to get Vacation Thoughts coupons but since I don't know how to get those anymore I get these, and these are about as good. The only other ones I think might possibly be as good as these are the las vegas advisor if they still have them. This book is definitely worth the money. I recommend it highly. I just bought the book and I've already used two of the coupons. Living near Nevada I'm very lucky
