Customer Reviews

no words so far the best I have ever read. finally answers some of the big questions and still creates new ones that I just cant wait!!!

This was the best book in the series thus far, big questions answered but I'm not gonna give any spoilers I really recommend you buy this.

My grandson loves these books!!!! Huge hit from Grammy!

Absolutely blew my mind. I've been invested in this series for a couple of years now. All I'll say is, some of the big questions finally start getting answered. I'm having withdrawals waiting for the next volume. This story has so many layers and so much depth, it's unbelievable. A must read series!

If you want to know the answers to 90% of the tantalizing mysteries that, until this point, have been

keeping you up at night - this is the one.

Finally! we are getting some answers. It only took them 68 chapters to get to there.

Still great

Very good.
