Gazelles, Baby Steps & 37 Other Things: Dave Ramsey Taught Me About Debt

Synopsis

"Too often, our money problems grow into some kind of monster hiding in the closet, growing bigger and badder and scarier every day that we keep them hidden. But if we want to change the behaviors that get us into trouble, we've got to kick the monster out of the closet and laugh at him. And I don't know anyone better equipped to do this than Jon Acuff. Through his blog and book, *Stuff Christians Like*, Jon's proven that he has a unique perspective on life that helps us get the joke and get the truth behind the joke every time. Lucky for us, Jon decided to chronicle his observations on his own journey toward Financial Peace. Think of it as an insider's guide to the "Dave Ramsey" stuff we all laugh about.

Book Information

Hardcover: 225 pages

Publisher: Ramsey Press (January 1, 2011)

Customer Reviews

Jon Acuff used to be a serial quitter, constantly hoping the next job would be different. From writing advertising for The Home Depot to branding for companies like Bose and Staples, he's no stranger to the cubicle. In 2010, Jon closed the gap between his day job and his dream job by becoming a full-time writer. He is the author of four books, including the New York Times best-seller, *Start*. He lives in Nashville, TN, with his wife and two daughters.

Starting to get a hang of this financial thing and reading this has added much needed humor and perspective as I climb out of my financial mess. Great book.

Great summing up of Dave's methods, and very funny.

This was one of the most humorous books I have read. This is not a book that will actually teach you the principles of Financial Peace, and it is not intended to do so. John Acuff provides a unique and humorous perspective on Dave Ramsey's program and what he has learned through the process. I sat down and read the book cover to cover in one sitting - I couldn't put it down. I highly recommend this book, and is toward the top of the list of my favorite books.

Very funny and helpful read! Would recommend it to anyone who has gone through Financial Peace University or who is considering taking the class. Useful suggestions and reminders of why we love Dave!

It made me laugh out loud a few times.

You should know about Dave Ramsey to get the most out of this book but--- it was a fun motivational book- I sent my copy to my daughter along with the Total Money Makeover. The author puts it all in perspective.

I have read some Dave Ramsey books and this was not expensive so I decided to order it online as I don't have a bookstore in this area. There were parts that were moderately funny, but little information that was helpful. Since much of it was written "tongue in cheek" I fully expected to find a disclaimer on the last page that said, "See, buying junk like this book explains how you waste money." I'm new to buying on the internet, so maybe there is a place where you can look a book over like you do in a bookstore, if not, it would be a nice addition. I would not have bought this book if I had looked at it before purchase.

Was expecting this to be a tips book for keeping finances under control. It did have a few of those but it was more along the lines of a summary of Dave Ramsey's book. It was entertaining for sure but not quite what I thought it would be.
