Teachers As Cultural Workers: Letters To Those Who Dare Teach With New Commentary By Peter McLaren, Joe L. Kincheloe, And Shirley Steinberg Expanded Edition

Synopsis

In *Teachers as Cultural Workers*, Freire speaks directly to teachers about the lessons learned from a lifetime of experience as an educator and social theorist. Freire's words challenge all who teach to reflect critically on the meaning of the act of teaching as well as the meaning of learning. He shows why a teacher's success depends on a permanent commitment to learning and training, as part of an ongoing appraisal of classroom practice. By opening themselves to recognition of the different roads students take in order to learn, teachers will become involved in a continual reconstruction of their own paths of curiosity, opening the doors to habits of learning that will benefit everyone in the classroom. In essays new to this edition, well-known and respected educators Peter McLaren, Joe Kincheloe, and Shirley Steinberg add their reflections on the relevance of Freire's work to the study and practice of education across the globe.

Customer Reviews

While Freire often discussed education theories in regard to Third World countries, his latest text transcends all cultures and speaks to all who educate. For those who share Freire's vision of a world-wide democratic school, I highly recommend *Teachers as Cultural Workers*.

~Vanguard~ The English translation of Freire's latest book should become the instant success the original Portuguese edition was ~Upper-division undergraduates through professional will find it worth [their] time and effort. ~Choice

a wonderful philosopher, a wonderful book. a must read fro all educators and social workers out there.

Amazing insights from Freire!

Everyone should read this!

Great!

This is a classic work by Freire that really shows his views towards teachers and the work they do.

This is a great read and it helps to put the subject of teachers, education, and societal responsibility back to a well thought and respected realm. Too bad if only teachers read it. The masses need to understand this too..

Bought this for class. Was sent as expected.

Outstanding!
