Seed Mantra Magick: Master The Primordial Sounds Of The Universe: Mantra Magick Series, Book 3

Synopsis

The seed mantras that are in this book are the core sounds. These sounds have embedded into them the universal creative energies. They are potential power and do not have attributes such as "good" and "evil". These sounds transcend those human labels. However, it does not mean they cannot be used for both "good" and "evil". As I stated in other books, the universal energies are like electricity. They will manifest in the way they are guided. For example, plug in your computer and your lamp, and you will see they are using the same electricity, but it is manifesting differently in each object based on its intended use. If you stick your tongue in an electric socket, you will quickly learn that electricity will light you up as well. It's the same when you use these mantras. Mantras do not have morality issues; they are not biased; they are simply energies waiting to be guided, and guide them we shall.

short but informative

If you want to learn to use the power of Sanskrit bijas and mantras, learn them correctly from a qualified Hindu teacher or guru not a magick teacher. This author does not know or understand them. AIM or EIM is pronounced "I'm." This is the bija of Saraswati, Goddess of knowledge, speech, music and discipline. Shreem is the Lakshmi bija of creativity. Durga's bija is correctly pronounced Dum, with a short vowel, like "dumb." It will not increase your self-discipline. The bija for that is Eim. Hleem is not a recognized bija. The bija Hum, with a short A, like chewing gum, is the bija of the

throat chakra and one of the three most powerful bijas for destroying negativity. Kleem is the bija of attraction. It is not used alone. It is used in mantras to attract the energy of the following word or name, such as Om Kleem Krishnaya Namaha. Alone it does nothing. Shreem is the bija for abundance, job, New relationship. Treem is not a true bija. There are Ganesha mantras which help in a difficult situation and other ones for courage. Bijas, mantras do not work with a few minutes of chanting. It takes a more concentrated effort and will only work as fast as your karma allows. Spiritual, personal, intellectual growth do not come in the time it takes to watch a YouTube video. You must make serious effort if you want to change your life.

Using daily with great benefits. Perfect for anyone that has had a Tibetan cranial treatment and wants to keep your body and spirit in balance.

As with all other book by Baal Kadmon, I enjoyed this one as well. I have both kindle and audible version.

This is a very good primer to learn the seed mantra's. This book offers a very good introduction and is easy to read and will help you in learning these powerful words. For more intensive teachings on mantra's read books by Thomas Ashley-Farrand.

Its superficial and not related to current context. No such material ever read in news, books or etc.
