Don't Make A Black Woman Take Off Her Earrings

Synopsis

In 2005, Tyler Perry took Hollywood by storm. The movie he wrote, produced, and starred in, *Diary of a Mad Black Woman*, opened number one at the box office and went on to gross more than \$50 million. In its first week on sale, the DVD sold 2.4 million copies. At the same time, Perry was starring nightly across the country in a soldout stage show he'd also written, produced, and scored-*Madea Goes to Jail*-even as another one of his productions, *Meet the Browns*, was touring nationally. Every week in 2005, 35,000 people saw a Tyler Perry production. His second feature film, *Madea's Family Reunion*, opens in theaters in February 2006. Now, this triple-threat actor/playwright/director, has written his first book, and it features his most beloved, most irreverent creation: sixty-eight-year-old grandmother Madea Simmons. Madea is at the center of all of Tyler Perry's work, and she's always unfailingly outspoken, dead-on, and hilarious. But in *Don't Make a Black Woman Take Off Her Earrings*, Madea shares more than she ever has before- about herself, and about what she thinks of everyone around her. The topics inimitably covered by Madea (a term of endearment for "Mother Dear") include love and marriage, child-rearing, etiquette and neighborliness, beauty tips, health tips, financial tips, the Bible and the church, and, of course, gun care. She's brazen, feisty, and never at a loss for words, but at the heart of everything she says- and at the heart of all of Perry's work-is a resounding message of faith and forgiveness. Shockingly hilarious, surprisingly moving, and as rousing and inspiring as a great gospel show, Madea's words of wisdom, memories, and straight-up in-your-face advice will be cherished by Perry's numerous fans- and it all comes just in time for Mother's Day. Tyler Perry is about to take the publishing world by storm.

Best Sellers Rank: #5 in Books > Audible Audiobooks > Humor > Parodies #56 in Books

> Humor & Entertainment > Humor > Parodies #92 in *Â* Books > Humor & Entertainment > Humor > Love, Sex & Marriage

Customer Reviews

Tyler Perry has impressed us once again with his great take on the well known, loud-mouth black women, Madea. This time it is not a movie, or a musical, it's a book. A book about the ways of living life through the eyes of Madea. It includes countless hours non stop laugh out loud enjoyment. I am a musical theatre artist (actor, singer and dancer) so I can appreciate a good character when I see one. Even if you're not interested in reading, trust me, you won't want to put the book down! I give it five stars, well thought out and hilarious. And hey, you'll never know, maybe you could actually learn a thing or two from Madea, it is filled with amazing tips for the real world and life. I loved it... you'll love it. Five stars all around.- Donovan L. Shaw You can find me at <https://www.youtube.com/donovanshaw> thanks!

My little sister told me about many of Tyler Perry's movies. Madea seems to be a central figure, yet she isn't the main character in most of the films. I found I looked more forward to her appearances on screen than the rest of the cast. When I found that a book had been written based on Madea's philosophies on life. I bought 2, one for me and one for my Little sister. Tyler Perry always has a good message, leaning towards the good book. In fact Madea likes to quote the book of "Deuteronomy" (her words, not mine) often. When I read her view on Jesus walking on water I almost blew a lung out laughing.. When she talks about ruining one of Josephine Baker's costumes, I decided then and there to make sure I have had nothing to drink for about an hour before.. This is not a book for children or conservatives.. Note that there is a liberal view on a certain medicinal plant. But, it all seems tongue and cheek, not an endorsement. I give it 4.5 stars, but not quite 5.

I can't believe I overlooked this book- or maybe I saw it and blew it off (just being honest). I'm SO happy I read it! It's the perfect blend of humor, wisdom and deviousness. The best thing about this book is, I can relate to so many of the stories. It took me back to my childhood. I grew up with Madeas. My great-great grandmother was my Madea (we actually called her "Madea"). She was just as hilarious as Mabel Simmons. She would have liked her. I would recommend this book to anyone who needs a good laugh or words of encouragement. This book provides both. Great read! Still can't believe it took eleven years to discover this gem.

In true Big Mama fashion Madea tells you like it is and doesn't beat around the bush. She's sensitive but direct. You may think you're grown but she's gonna teach you some things that your mother may have missed. After listening to this audiobook I'm starting to feel like I'm getting advice from a man with a woman's voice. Madea has the kind of perspective that I just don't get from other women, not even my closest sisters.

loved it

A gift for my wife and she loved it.

Too funny!!! was on my way to work every morning reading this book and people must have thought I was losing it, because I was laughing on the bus reading this book, very enjoyable and good reading, many can relate to some of the things written in this book, would recommend reading this book Tyler needs to write another book, he is soooo good at movies and plays and if he had more time, would do great at writing also. Let's all give Tyler a shout-out for all the work he does

I was laughing the entire time I was reading this! I love Madea! What else can I say? You cannot help but read this in Madea's voice and think of her mannerisms. It does have some excellent advice in there. One of my favorite books and I have over 1000 books.
