Hard To Believeland: Cavs Win The NBA Championship! Indians Win The AL Championship! Browns Win A Game!

Synopsis

A look inside the mind of a Cleveland sports fan. For Cleveland Sports fans, 2016 was a year like no other. The Cleveland Cavaliers won the NBA championship. The Cleveland Indians won the AL championship. The Cleveland Browns won a game. Painful expressions like "Red Right 88", "The Drive", "The Shot", "The Fumble" were suddenly replaced by "The Chasedown", "The Shot (Kyrie version)" and "Wow! The Browns won a game!" This book takes a humorous look at each of the teams I love. It looks at the highlights: (Cavs 2016 championship, Indians march to the World Series, the Midgets), the lowlights (The Drive, The 1997 World Series, every Browns season since 1999) It celebrates the teams we love through thick and thin. If you have fond memories of World B. Free, Jim Thome and Greg Pruitt, this book is for you. If you have nightmares about Michael Jordan and John Elway, this book is for you. If you can't say "Pittsburgh Steelers" without throwing up a little in your mouth, this book is for you. If you've never called the Baltimore Ravens anything nicer than Ratbirds, this book is for you. If you think Art Modell should make the hall of fame on the next February 30, this book is for you. If you suddenly started hating the Chicago Cubs last November, this book is for you. If you just want to know more about what it feels like to grow up rooting for Cleveland sports and having years of belief finally rewarded, this book is definitely for you.

Customer Reviews

An especially fun read. Told through the eyes of a long-suffering Cleveland sports fan to the millions that suffer with him. The author brings up names of players I haven't heard of in 20-30 years! Thank goodness we now have some happy endings to remember and hopefully, more in the future. This is

a must read for any sports fan and REQUIRED reading for all Cleveland sports fans.

Mr. Barth has found a way to make Cleveland sports fans laugh at themselves. His humor and knowledge has created the perfect book for those of us who live in "Believeland".

What a nice read about Cleveland sports. This book is a must read not just for any Cleveland Fan but for any sports fan!

As long as I've known Phil Barth, he's been suffering with the ups and downs of being a Cleveland sports fan. In 'Hard to Believeland' he offers an entertaining and enlightening look into his lifetime of pain [until - FINALLY! - sweet salvation in June, 2016]. This book isn't just for Cleveland fans. It's for anyone who has suffered years, or decades, of losses - especially those soul-crushing last-minute defeats. If you want a book that is at times laugh-out-loud, and others painfully relatable, get this one. You'll rest easy knowing you're not alone as a long-suffering sports fan.

This was an absolutely fantastic, informative and entertaining experience! The author has clearly done his research & there are some really incredible little-known facts in here. For example, I didn't know that Mark Price injured himself on a video screen. Also, this book is absolutely hilarious as well. I'm surprised the author isn't a professional comedian or a comedy writer (maybe he is). I would enthusiastically recommend this book to any sports fan who is in Cleveland & or not in Cleveland. :-)

Love this book on our Cleveland sports teams.
