Amazing Sudoku Variants

Synopsis

It's time to break out of the box: the traditional 3x3 puzzle box, that is! This assortment of engaging and challenging variants takes sudoku up a notch. The creative twists include overlapping and unusually shaped grids, special rules that make solvers up their game, and even super-large sudoku for an extra-fun experience.

Conceptis Ltd. is the leading number-logic and picture-logic puzzle supplier to magazine, newspaper, book, mobile, game console, and board game providers all over the world. Every day, over 10 million pages with Conceptis puzzles are printed in 40 countries worldwide.

How many times have I ordered this book already? I gave up plain sudoku as boring, but luckily there are many variants, of which this book has my favorites. Possibly the best buy in sudoku variants also. I also like the smaller variants but these are a staple. If you've never done a sudoku variant this is a good place to start.

I love these sudoku variants by Conceptis puzzles. They are fun and interesting. There are several of each variety, but not so many you get bored. I have found 3 of these collections, and have bought them multiple times. I don't get bored. I usually go through, doing every 6th puzzle, so the varieties rotate more frequently. A great book for long plane flights.

Interesting to have something different from the usual Sudoku. I am really enjoying this puzzle book.

I'm a Sudoku addict and this goes my alley, with the variants I love.

Wonderful variety and challenging, but not so challenging that one can finally solve the puzzle.

Bought for a friend and he likes the book, very challenging!

Fun puzzles. Great variety.

All is good.
