I bought this as a gift for a friend's sister who has Lupus. She was in the hospital for quite sometime and lost a lot of motor function and needed to rebuild that strength after discharge. She loves Avatar: The Last Airbender and is quite artistic so with some Prismacolor color pencils, this fit the bill perfectly! She's well on her way to recovery.

Super cool and fancy. I'll probably never color in it cause it's too awesome to ruin with my coloring skills lol But still awesome to look at and have

Amazing! The illustration style is beautiful!

Thick pages are good for coloring. Gave as an adult gift and she loves it. Almost kept it for myself tbh. Pictures are *slightly* different from the animation style, and not all of them are scenes from the show which I liked.

This book is amazing! I just got it and I can't wait to color in it, I may even order another one. I love how each picture has the quotes with which episode they occurred as well. The book is very sturdy and legit. Couldn't be happier... well, not enough Azula, but that's just me.

This is an excellent coloring book. Bought one for myself and my daughter. Some of the pictures didn't quite match up with the series, but still very good.

This coloring book does a great job including all the main characters from the show. It also incorporates many of the unique animals featured in Avatar the last Airbender. Some may complain the art work differs from that of TV show, but I find it more artistic and the artist captured the scenes and personalities of the characters to a tee.

Great quality! Totally recommend this book. I love last airbender! If you're a fan and like to color, buy this.
