Customer Reviews

This is a great little guide for you to install Kodi on you Firestick. No fluf, short and concise, right on the spot. Everything you need to know is in this book. If you have a Firestick, this is the next logical step.

This is the suckingest thing I've ever purchased. Don't do it go to you tube. Total ripoff and will not help you!

Got me started but didn't apply to a firestick update. Good for the older stuff.

The book is confusing but ok. The youtube video (which there are many) worked much better for me.

I thought this was a real book and not online

Totally worthless, thank goodness I was able to realize quick enough to get refunded. Any 7 minute u tube video gives more information!

Very difficult to follow

This ????, Don't know what to call these 26 pages. No specifics... A Book no way. Will request \$0.99 Kindle ed. refund. The Hardcover \$12.99 price should be withdrawn.
