Knightfall: Nightlord, Book 4

Synopsis

It's not easy, being king. You can't always rule a kingdom and still do what needs to be done. Eric - or King Halar, also known as the Demon King - has more than enough problems without the crown. But quitting the job of king isn't easy, either - unless you want to be beheaded. Most people regard that as an unsatisfactory way to quit. Even vampire lords tend to be cautious about guillotines. A king who loses his head has a real problem...or none at all. It's time to sort some of these problems out, settle a few more, and kill the rest. But at what cost? *Knightfall* is the fourth book of the *Nightlord* series. It picks up exactly where *Orb* (book three) ends, and carries on with an adventure of epic proportions!

Book Information

Audible Audio Edition

Listening Length: 41 hours and 21 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Podium Publishing

Audible.com Release Date: August 15, 2017

Language: English

ASIN: B074G3W1XN

Best Sellers Rank: #7 in Books > Audible Audiobooks > Fantasy > Paranormal #41 in Books > Audible Audiobooks > Fantasy > Epic #127 in Books > Science Fiction & Fantasy > Fantasy > Epic

Customer Reviews

This book in the series closes out quite a few outstanding story lines, clearing the deck for another big adventure. I kept finding myself checking how much book was left, this is really a large book, with every page packed full of story. Eagerly waiting the next book!!

Another enjoyable book in this series. Halar is back and at times gets pissed off!! Overall good job but kinda goes off tangentially at the end. However this does set up new directions for the next book. I recommend picking this one up.

Awesome book! Makes you feel like you're friends with a vampire, a so-human vampire. Can't wait for the next one! I TOTALLY recommend these books to any sci-fi or fantasy lover...or anyone else

who loves a good read. You'll want to finish it all in one gulp, and then re-read it a lot. I find something new every time I re-read one of Mr. Whited's books.

Garon's writing soothes nerves. Normal people love his writing, but it's also some of the absolute best stuff out there for people on the Autism spectrum. As you go through the mental compartmentalizing with Eric, it makes the readers think about it. It makes it seem doable in the real world. And, as a result, reading about Eric's adventures helps me find my center, much like sitting in the breeze in nature does. This series combines modern, fantasy, sci-fi, and mystery in one.

Funny thing about this book was that it could have been a conclusion to the story because of the way it was told. I'm ridiculously happy though that the story will continue. I look forward to the next book.

More in the saga of our Nightlord hero. A good book that takes some time to read. A couple of big surprises and a twist or two, and something I think will lead to the next book. Looking forward to the next book.

I love the story, but wow, words. A lot of internal rambling. The author makes it amusing, but do we have to know every detail and explanation for every action or statement? One star off for excessiveness.

Finally one that doesn't end on a darn cliffhanger. Love this series and big fan of this author and can't wait to see what happens to him next.
