This really helped my son. We were expecting only average scores on the writing section but studying with the book helped him to score above average.

Great condition! Exactly what I was expecting. Thank you.

My son intended to use this as a resource for studying for the SAT but found that this workbook does not appear to reflect what appears on the actual SAT. He used the associated Reading Workbook and thought that was a much better resource.

Yes was very useful only thing I would like to have even more practice .

The book is good. Delivered on time.

This book is very good. It meets my needs

I ordered this for my classroom. I have only glanced at it as my 10th grade students have been actively engaged with it. They check it out and study it at night.

Does not go into detail. Very vague
