Stedman's Plus 2016 Medical/Pharmaceutical Spellchecker (Standard)

Synopsis

Stedman's Plus Version 2016 Medical/Pharmaceutical Spellchecker contains nearly 500,000 medical, pharmaceutical, and bioscience terms, including brand new updates to thousands of terms to ensure users the most current, comprehensive, and reliable content on the market. Compatible with a broad range of word processing systems, this spellchecker is convenient for every user who creates or edits medical documentation. Windows users also receive Stedman's Universal Spellchecker, which integrates spellcheck technology throughout your desktop. The standard single-user version is available as a Windows and Macintosh compatible CD-ROM. The 2016 version includes new medical and equipment terms introduced in 2015 and updated drug terminology drawn from Facts & Comparisons' American Drug Index 2016. If you are a current user of the Stedman's Spellchecker (having purchased within the last two versions), please call 1-800-638-3030 with your registration information to get pricing for an upgrade.

Customer Reviews

Delivered quickly factory fresh easy to install works seemless with word processor

Works as well as the older versions did with Office.

This is the best spell checking tool for anyone in the medical field. I buy a new version every three

years to save \$\$\$ because so much is available on the net. Regardless, it's worth every penny.

Works great. Stedman's is the very best for medical transcription.

Stedman's Spellcheck is indispensable to my work as a medical transcriptionist!

Had to upgraded from my 2005 version when my computer crashed. Works great, no complaints.
