Common Core Math Workbook, Grade 4: Multiple Choice, Daily Math Practice Grade 4

Synopsis

This book is your comprehensive workbook for Daily Math Practice Grade 4 (Common Core Math). By practicing and mastering this entire workbook, your child will become very familiar and comfortable with the state math exam and common core standards. This Daily Math Practice Grade 4 Workbook (Multiple Choice) includes: 20 Weeks of Daily Multiple Choice Practice Weekly Assessments State Aligned Common Core Curriculum End of Year Assessment Detailed Video Answer Explanations to all questions in the workbook For practice with Free Response questions, be sure to check out Part II of our workbook titled: Common Core Math Workbook, Grade 4: Free Response, Daily Math Practice Grade 4 Each question is labeled with the specific common core standard so both parents and teachers can use this workbook for their student(s). This workbook takes the Common Core State Standards and divides them up among 20 weeks. By working on these problems on a daily basis, students will be able to (1) find any deficiencies in their understanding and/or practice of math and (2) have small successes each day that will build competence and confidence in their abilities. We know the common core can be challenging. For that reason we have decided to provide detailed video explanations to each math question. If your child is having trouble with any questions, you can easily access our video explanations where an instructor will show the student how to get the correct answer. We strongly recommend watching the videos as it will reinforce the fundamental concepts. Please note, scrap paper may be necessary while using this workbook so that the student has sufficient space to show their work.

Book Information

Paperback: 144 pages

Publisher: Argo Brothers INC. (July 30, 2016)

Language: English

ISBN-10: 0692755977

ISBN-13: 978-0692755976

Customer Reviews

Anayet Chowdhury CEO & Co-Founder of Argo Brothers is an author, entrepreneurial thinker, and educator who has helped thousands of students gain acceptance into top colleges and high schools. Anayet discovered his passion for teaching in high school, where in his free time, he conducted cancer research at Memorial Sloan-Kettering Cancer Center. His cancer project was awarded multiple gold-medal awards and he had the privilege to present his research to President Obama. Anayet is also a Founding Board Member of Teptu, a non-profit organization aimed at finding the most innovative students in the realms of S.T.E.M research and sustainable entrepreneurship. Anayet sits on the board and serves as an investment advisor to several startup companies that are in the e-learning and tech space. In his spare time, he enjoys learning to play the guitar and piano. Vladislav Suleyman CTO & Co-Founder of Argo Brothers is an author and serial entrepreneur who has developed several educational software solutions to help students around the world. Vladislav started his first entrepreneurship venture in Central Asia where he was very successful in introducing ECO Cleaning Systems to private hospitals and organizations. Today he is an educator and motivational speaker, dedicated to making a difference for students who are struggling and cannot afford a quality education. Vladislav is an avid yoga enthusiast and regularly practices the art of meditation. Eduard Suleyman CFO of Argo Brothers and Founder of Einstein Daycare holds an MBA from the University of Westminster. Eduard has been an educator for over a decade teaching students about corporate finance, stock market analysis and business expansion. He previously served as the Head of Technology at the Research Center of Corporate Governance and Securities Market. Aside from actively being involved in the production of K-12 and higher education test prep books, Eduard believes education starts from the very beginning and Eduard has created a custom learning program at Einstein Daycare, a licensed pre-school located in New York City, where kids are intellectually stimulated using cutting-edge learning tools.

I purchased this after seeing it in one of the colleague's classrooms. I used it to review previously-learned skills in math. I liked the way the skills were arranged so you could quickly find ones you wanted to review. My students also enjoyed watching one of the You Tube videos, which provided detailed explanations on how to solve the problems. I would recommend the purchase of this resource.

Excellent workbook, I love how these workbooks are divided into weeks and days which makes it very easy to follow. The questions in the book are also ACTUALLY common core, none of the other

workbooks are real simulated questions. The state exam has all word problems and many workbooks have easy problems which are mental math. The questions in both workbooks are challenging and resemble the common core exam. Highly recommended

Awesome practice to brainstorm your kids' math knowledge; keeps my son's attention and interest to work with this book!!! He loves it! Definitely a good buy!

Great book for my 4th grader. This book really helps him keep up his skills without taking up his whole day. The videos are a great way to help explain the way some problems are solved

Great book for at home teaching. I love that it has answers on the back! It helps a lot!

It's good product

Highly recommend this book, provides excellent preparation for state test.

I am absolutely impressed with the quality of this workbook. I love the easy to follow structure. My son, who is 8 years old wanted us to get it although he's now going into 3rd grade. He's so excited and can't wait for the 3rd grade workbook!
