French Short Stories For Beginners: 9 Captivating Short Stories To Learn French And Expand Your Vocabulary While Having Fun

Synopsis

Are you bored with the traditional methods people tell you to use to learn French? Are you bored with all those dusty grammar books that make everything look so hard? What if we told you there's a better, more enjoyable way to learn French and grow your vocabulary exponentially? Well, guess what? There is! The best way to learn French is by listening to short stories. The problem? You might feel like you don't know where to start. And that's exactly why we created this book. We know how difficult it may seem to learn a foreign language from scratch, let alone trying to put all that learning into practice. But what you might not realize is that it's fairly easy to fully incorporate the essentials of a language once you frame that learning into a certain context (for example, a short story). Short stories allow you to put what you've learned so far into practice, allowing you to expand your vocabulary quickly, make sense of ideas, understand new concepts, and overall get a better grasp of the French language. Short stories work because they eliminate the stress of forcing yourself to learn. Instead, when you listen to the captivating short stories we've prepared for you, you will learn French without even realizing you're learning it! Your goal is to simply focus on a single story at a time. The stories comprise multiple genres, including adventure, fantasy, mystery, romance, just to name a few. We wanted these stories to be fun, interesting, and appealing, motivating you to keep on listening to find out what happens next. That's the very best way to learn, don't you think?

ASIN: B01L0N9XYY

Best Sellers Rank: #11 in Books > Audible Audiobooks > Language Instruction > French #47 in Books > Travel > Food, Lodging & Transportation > Hotels & Inns #60 in Books > Audible Audiobooks > Nonfiction > Travel

Customer Reviews

Useful for beginners who are building vocabulary. The approach taken by the authors is to

encourage the reader to move through the text without stopping constantly to look up unfamiliar words. Given the high level of interchange between English and French words, this works well. Then every few pages there is a break in the short story narrative where translations of parts of text and difficult words are provided along with short tests of comprehension. The stories vary in level of interest, but are compelling enough to keep you going.

This book will be beneficial for everyone who wants to learn French in an enjoyable and uncomplicated way. I never thought I would be able to understand French texts so soon in my learning process. But the way this book is set up made it easier for me. The different stories and chapters in this book had the perfect length. It wasn't too long or too short. After each chapter I could check if I was on the right track. This way I had a feeling of achievement every time I finished one, and could actually figure out what the story was about. The stories themselves are entertaining as well! The best thing this book did for me was boosting my confidence. I would highly recommend this book, as the method in this book will teach you French a lot faster.

I was doing various podcasts and online learning for the French language and I began to plateau on my goal of fluency. I tried watching French movies and listening to French news etc but I couldn't break through to the next level. That is when I decided to start reading in French. This book was perfect for me.

If you've always wanted to learn French but couldn't do it the right way, then this book is what you need. With 9 short and enchanting stories, it takes you to a different world of language altogether. You don't feel like putting it down. There are stories belonging to different genres like thriller and crime while some are simple old fashioned tales. As and when you proceed in the book, it gives you immense confidence. By reading this book you incorporate loads of new French words, use verbs and enhance your vocabulary. You can understand, read and absorb this book according to your own pace. An amazing book. Highly recommend it for individuals looking to learn the French language.

Recommended for anybody who's enthusiastic about learning French!

I'm working on it. A friendly and encouraging method, but French is not easy. I'm getting there.

We use this book in my French class. It has helped everyone in class with their pronunciation.

I had learned French in middle school and unfortunately did not continue. This book was a great way to be able to learn while enjoying the different stories. I was surprised on how much I understood after so many years, and how many other words I learned by reading the stories. The summaries and breaking down the sentences was very helpful. Félicitations! Bon travail!
