Customer Reviews

As a teacher, it's sometimes a challenge to find what each particular student will find motivating. One girl that I have mentioned to me that she loves Harry Potter, so I looked for and found this book. It's really too hard for her, but she's willing to step up to the challenge and is working hard on several of the selections. I mostly teach classical music but am a firm believer that we should all be able to play the music that we like. This fits the bill nicely.

I was going to go into music and then I changed my mind. I hadn't played my flute in years, but when I came across one day cleaning I decided to begin playing again. I wanted to get something fun and not too hard since it's been years since I really played. This is a good book. It has a CD that comes with it so you can play it first to hear what it should sound like! It can be used as an accompaniment too. I recommend this book to those with good flute skills

This is not for beginners, and you would have to be a really good intermediate player or more advanced to play this, so I gave it 4 stars. Super disappointed that I won't be good enough to play this for years. Would have returned it, but financially it made no sense.

Bought it to give to 8th grader who plays flute/piccolo. He was able to play pieces pretty quickly with ease and enjoyed having the CD to play along with. He is in advanced band in middle school, but has only been playing 3 years. Says the sheet music was similar to notes he had learned at school.

How very helpful to have a full instrumental CD to accompany the score! Each piece in the book is on the CD in two versions: one with the soloist playing the piece and one without. Both have the full orchestra accompaniment. Perfect for private practice.

Great product! Good quality construction, easy to read and follow along with the CD that comes with it. Came fast and in excellent condition! Daughter loves it. Would definitely order again.

Great fun. I would say it falls into the "Intermediate" category for difficulty - I have been playing for so many years that it is hard for me to judge, but in my opinion I would not slate this as either overly easy or overly hard. The music is well-arranged and offers a good selection of pieces from the movies. I thoroughly enjoy playing it and my daughter frequently asks me to play it for her. That says something!

Easy to follow music for the music lover.
