365 Essential Survival Skills: Knowledge That Will Keep You Alive

Synopsis

Learn. Practice. Prepare. Survive. Survival situations can happen when least expected. The best defense is knowledge and confidence in the skills that will keep you alive--whether it's for a few hours, days or long term. 365 Essential Survival Skills comprises the best knowledge, tips and tricks available in the world today, and each skill is explained in fun, easy-to-learn ways that any student--greenhorn or seasoned--will pick up with a little practice. With 365 skills inside this book, there's plenty of practice to keep you busy year-round. The difference between life and death in a survival setting is a very slim margin. Don't take any chances--learn how to keep yourself and your family alive. **FEATURING:** Skills relevant to all four seasons of the year and desert, woodland, prairie, mountain and urban environments. Vital insights on the four core survival needs--shelter, fire, water and food. Other topics such as navigation, first aid, tools, signaling, self-defense and more. Practical applications for campers, hunters, anglers, hikers, climbers, skiers and all who venture outdoors. Links to thorough, in-depth video demonstrations.

Customer Reviews

Creek Stewart, Carmel, IN, www.willowhavenoutdoor.com, is an experienced survival instructor and author of Build the Perfect Bug Out Survival Skills, Build the Perfect Bug Out Vehicle, The Unofficial Hunger Games Wilderness Survival Guide and Build the Perfect Bug Out Bag.

if McGyver was an Eagle Scout and lived in the woods... some good stuff... very creative most of which you won't find anywhere else.... a must add to your survivalist library

Not tons of detail, but enough to get the job done. The layout is more like an illustrated index of skills.

excellent information! Presented simply yet detailed enough to execute instructions

A real let down..has a couple good tips but not really descriptive and quite a few that send you online to watch a video...If I wanted to go online to research I wouldn't have bought a book. .really looking for a how to guide that could be used if power was on or off...ashamed I didn't read all the reviews before I purchased..lesson learned

Great book I like the information very useful.

A good addition to my library.

Creek Stewart is top notch. Info not readily available in any other guide.

As always, Creek offers great no fluff proven techniques to bring you back and keep you alive.
