The African Experience

Synopsis

Updated in its 4th edition, *The African Experience* is the only interdisciplinary survey to examine this region of the world from geographic, linguistic, social, historical, and political perspectives. Drawing on research from all of the social sciences, this text captures Africa in its complex totality. The African Experience helps readers develop a comprehensive and critical understanding of Africa, one that allows them to grasp the regions internal dynamics and its evolving place in the world.

Customer Reviews

“The African Experience is a masterpiece written by a passionate African scholar. This book is a must-read for any student of Africa.”
—Saneta Maiko, Indiana University/Purdue University
“Khapoya deftly integrates the particular and the general to present a compelling scholarly view of Africa’s past and present.”
—Benedict Carton, George Mason University

Vincent B. Khapoya is Emeritus Professor at Oakland University, USA.

I used this book for an African history class at Eastern Kentucky University. This book was very easy and fast to read as well as enjoyable, something I’m sure I’ve never said about a textbook before. Bravo Khapoya on making learning feel worth my time! As far as book content, this book has so many great chapters on Africa’s history. It is broad but has examples that pertain to the individual

countries. Khapoya gives a broad knowledge base of the specific topics and informs the reader to study further on certain countries for more explanation. By providing a broad sense of the issues in Africa, the material made reading and comprehending better unlike how some authors get too in depth with an example or certain situation and creates an ambiguity on the entire subject, leaving the reader confused. Would recommend this book to anyone wanting to learn general and informative history on Africa.

The book is great!--getting it here was the problem! I just had to order the kindle version instead of the bound textbook due to time constraints. I paid extra to have it here in two days...it won't be here for another 2-3 which makes 5 days total due to inclement weather. It is a rental purchase and told me my only option is to refuse to open the package & send it back through UPS. They claim that they will then refund my money.

Love this book. It's a great read. It's actually required reading for my African studies but I would enjoy it if I would have picked it myself.

Great book and service.

Very informative book, great for my class. Explains the history of Africa very well and in depth. Would highly recommend.

interesting and some what sad but still reading it. for knowledge of the country.
