Invisible Pets Magic Picture Book (Dover Little Activity Books)

Synopsis

What water-loving animal is a favorite with youngsters at home and in the classroom? What creature carries its home on its back? And what creature gets lots of exercise by running in a wheel in its cage? To learn the names of these and 14 other "invisible" pets, simply rub the blank space on each page with the tip of a pencil and make the answer "magically" appear. A brief caption identifies and provides information about each animal.

Customer Reviews

Barbara Soloff Levy has created over two dozen "How to Draw" guides for Dover, plus many other activity books. Since retiring from her job as an elementary school art teacher, she devotes much of her time thinking up new ideas for this popular series.

I usually like these little Dover books. They are great for restaurants and travel, but my 5 and 3 year old weren't impressed with this one. The pictures were not interesting, even when completed.

smaller than I thought, but then again I didn't read a product description for the size. Cute activity books and great price

Kids love it

These Dover books are great. They fit in your purse, diaper bag or back pocket. Because of the small size they are perfect for anytime you are out somewhere and you need to keep a toddler or preschooler busy and quiet. I have used them in the car, the doctors office, at meetings, the grocery store, the list really does go on. I have purchased 11 different Dover books and they have all been great. Best of all the price is amazing.
