## **Customer Reviews**

Book by Cummings, Susanne, Cummings, Stuart

I bough this as a shore dive/snorkeling guide, based on the title. It had very little snorkeling and shore dive information. That might be because there are just so few good shore sites on Florida's east coast, but nonetheless, the title led me to believe that it might have some surprises.

Just what I was looking for!

great hot spots for diving

Wanted to know where to go snorkeling when I visit my son who lives in FT.Lauderdale.This should make us a little more knowledgable of spots to look for.

This book is a good reference source about diving in southeastern Florida. Because of the Keys, many people don't realize the quality of diving that can be found off the coast of Miami/Ft. Lauderdale. The book describes many sites in detail and also provides depth, visibility, and difficulty

information.
