I received a Dutch Oven as a Christmas present, and while I could scour the internet for recipe ideas, I wanted something that provide me with a variety of choices in one place. This book covers

the basics for getting started - the pros and cons of different materials such as cast iron, enameled cast iron, stainless steel and aluminum, as well as tips for cleaning and caring for whatever choice of Dutch Oven you choose. The recipes are well organized, easy to follow, and presented. I would have liked pictures to accompany each recipe, but this is just a personal preference. I'd recommend this as a good all-in-one cookbook to get anyone started with the Dutch Oven.

Love it! Has good ideas in so many areas.

Very nice cookbook. Came right on time.
