Dentistry: An Illustrated History

Synopsis

A pictorial history of dentistry, which traces the development of an ancient healing art into an exact science. Though it has had its share of amusing folk remedies, colourful quacks and cults, dentistry was often far ahead of other branches of medicine.

Book Information

Hardcover: 320 pages

Customer Reviews

This gorgeous, well-researched book contains everything you've ever wanted to know about dentistry and more. It is filled with beautiful color plates, excellent illustrations, and an informative text. The book covers the history and practice of dentistry around the world from ancient to modern times. Everyone who works in dentistry -- and even those who go to a dentist! -- should have a copy.

This is a superb gift for anyone in dentistry. Very large format. Bought it for my wife who has spent her life in dentistry.

Recommend to others, met my expectations, the book was intact and all pages where as described, enjoyable reading and viewing

Excellent book about the history of dentistry, containg very good pictures.

Great pictures and information

Better than described!!!! Excellent shape!!

nice

Great Book of History of Dentistry striking illustrated with beautiful art. Hard cover and the coffee-table size make this book a collectable item.
