Sylvie Nicolle is an author, graphic designer and illustrator and has published hundreds of designs. Creativity has been an integral part of my life since my early childhood. I have always loved color in whatever manner I have chosen to work in as an artist and designer. The interplay between shape, color and environment is one I find endlessly fascinating. I am constantly exploring and trying to capture its infinite combinations. Drawing was one of the first crafts I explored. I hope you enjoy your journey through my creative imagination!

Just like another reviewer, I too love anything with hearts, and since I've been into adult coloring books lately, I had to have this because it'swell.....HEARTS! I like it, I wouldn't say I love it. I thought SOME of the designs were a little weird I guess you could say, and maybe the black lines

could be thinner. It's still a nice way to de-stress and the weird pages kind of add to the fun of it! I'd still recommend it despite those couple of things. I included a pic of one of the pages I colored with a mix of gel pens and colored pencils to give you an idea of what it's like.

I love anything with hearts so when I saw this I just had to get it . The reason for only 3 stars was because I was expecting more. This reminds me of a younger kids book.

Not very creative. Pages aren't even full of parts to color.
