# Mind Changing Short Stories & Metaphors: For Hypnosis, Hypnotherapy & Nlp

## Synopsis

When used in NLP and hypnotherapy, metaphors have long given insights into the difficulties of people and have shown the ways in which we can escape or improve. If the stories strike a chord with you, then they also show a way out. These short stories, metaphors and interactive scripts will help you to eliminate negative thoughts and achieve your dreams by allowing you to relax while reading stories that can bring about positive change. Some of the stories will relax you, others will make you think. Some allow you to enter a light feeling of hypnosis. Hypnotherapy and hypnosis have been major users of metaphors to show different approaches to problems and their resolution. Milton Erickson, the grandfather of modern hypnotherapy used metaphors to great effect in resolving problems with his patients. Self hypnosis allows you to enter the areas of your mind where you can become imaginative and optimistic. You can create your dreams and the ways in which you will achieve them. Based on a huge amount of therapeutic work, these short stories, metaphors and interactive scripts can help you to bring about positive changes, eliminate negative thoughts and achieve your dreams.

## Book Information

Paperback: 164 pages

Publisher: emp3books; 2nd edition (September 10, 2008)

Language: English

ISBN-10: 0955073642

Product Dimensions: 5 x 0.4 x 8 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 3.1 out of 5 stars 2 customer reviews

Best Sellers Rank: #1,727,628 in Books (See Top 100 in Books) #59 in [Books > Textbooks > Medicine & Health Sciences > Alternative Medicine > Hypnotherapy](#) #171 in [Books > Health, Fitness & Dieting > Alternative Medicine > Hypnotherapy](#) #1050 in [Books > Self-Help > Hypnosis](#)

## Customer Reviews

Just what I was looking for! Very diverse and interesting stories which are ideal for hypnosis therapy. Well worth buying.

I purchased this kindle book because I'm always looking for handy new metaphors for clients. And

because it's cheap enough to take a chance on. Unfortunately the stories here are not useful. Compared with the NLP stories by Richard Bandler or the teaching tales by Milton Erickson (e.g. My Voice Will Go With You) these stories are quite simply poorly crafted and amateurishly written. I like to balance a review with something positive about the author's work but I find that very difficult here. This is simply not worth the \$3.00 nor is it worth taking up space on my Kindle.
