Paul Knorr started collecting drink recipes in 1989. He is the author of BarBack, a drink recipe software program that gathers and organizes his enormous drink recipe collection. He lives in New York.

This book has a lot of cocktails to try and the recipes are simple. I love the simple design of this book, However, sometimes because the recipes are so simple, I find myself googling the recipe for the drink in order to get specific types of alcohol such as: dark rum vs Light rum. I guess the

simplicity leaves more room for creativity, but it creativity can also make awful tasting drinks.

Overall, its a good book to have in hand. I love the size.

This book is super small. We did t like the layout of the cook tails in the book. So we really didn't use it. Not really interesting so we just threw it to the side.

Bought for my sister, who is in college. She LOVES it. She constantly trying out new cocktail recipes and impressing her friends. I might consider one for our Home Bar.

An incredibly extensive book, a little tinier than expected but has a lot of drink recipes, it's quite interesting

A real hit for Christmas gifts for friends and nieces! A neat fat little book. Full of yummy drinkables!!

This book is teeny tiny and it's probably best for people who already know their way around a bar.

This a great drink book. I love how everything is laid out. If you are looking for a specific drink or looking for a drink that uses something specific you have on hand. It is very easy to use/find. No blah, blah filler, stories, opinions, trivia....just drink recipes that are easy to find and follow.

Nice book with lots of quick easy drinks. I bought it for my daughter because she wants to be a bar tender....What a great resource!
