Like most people who couldn't read Japanese, I got the English translation of Crying Freeman. The first book of the series, Portrait of a Killer was promising in that the story was sort of believable. A

Taste of Revenge follows up on two minor characters from the first book. Being the enemies of Freeman, both Kimie Hanada and Det. Nitta wanted revenge. How the story finally turned out was a surprise. Mixed into the revenge story was a plot of a certain cult to take over Japan. Compared to Portrait of a Killer, this story was mildly preposterous. As usual, the hero was practically invincible, and sexy. And I'll leave it at that. The artwork was beautiful as usual.

Ryoichi Ikegami, a Japanese Gekiga illustrator known his fluent and sexy paintings. Men and women he paints are beautiful, realistic and sexy. I love them! A young and promising Japanese ceramist is kidnapped by HongKong mafia and made up to be an assassin. After the long and tough training, he becomes an expert assassin and the leader of the family. Once he was seen his killing by a Japanese woman and try to kill her, but they fall in love and get married. This story is about the adventure of violence and love. Sometimes Ikegami's works go too far to the extent of losing its realism, but in this series, well maintained.
