"This is no ordinary pop-up book....Sabuda's intricate and inventive paper engineering is a little miracle in keeping with the miraculous oil of the event that Hanukkah commemorates....A stunning achievement." STARRED Publishers Weekly review
A stunning achievement. [Publishers Weekly \(starred review\)](#)
Robert Sabuda, master of the modern pop-up book, teams with poet Michael Rosen to celebrate a 2,000-year-old miracle. [USA Today](#) --This text refers to an alternate Hardcover edition.

Michael J. Rosen has written and edited some ninety books for children and adults, including the critically acclaimed THE CUCKOO'S HAIKU AND OTHER BIRDING POEMS. His books have won

many awards, among them the National Jewish Book Award, the inaugural Once Upon a World Children's Book Award from the Simon Wiesenthal Museum of Tolerance, and three Ohioana Book Awards. He lives in Glenford, Ohio. Robert Sabuda is the creator of many best-selling pop-up books, including THE TWELVE DAYS OF CHRISTMAS, AMERICA THE BEAUTIFUL, ALICE'S ADVENTURES IN WONDERLAND, and the WONDERFUL WIZARD OF OZ. He is also the co-creator of the Encyclopedia Prehistorica and Encyclopedia Mythologica series. He lives in New York City.

I have to say that I have been collecting pop-up books since I was in high school - 40 years ago! I love them. My most favorite are by Robert Sabuda. He sets a high benchmark for excellence. This book did not disappoint. Some simple and some very elaborate pop-ups add to the story of the lighting of the chanuka candles. I found it an interesting (I am not Jewish, but love to learn about different cultures and religions) story and the pop-ups were a nice touch, highlighting key aspects. This is a book you might read to your younger children, who will delight in the surprise of the pop-ups, while letting older children discover it for themselves (after being instructed on how to carefully open and close the pop-ups to protect them from damage). It is a wonderful story of faith and miracles that those of any age would find inspiring.

This was a beautiful book. I know some may prefer more color, but that fact that the pop-ups were all white (I feel) make the reader focus more on the shapes, shadows, forms and details of the cut-outs. I especially found the wee clothing drying outside on the line amazing. The white color also highlights the colored foil menorah that's lit one by one throughout the story, so be sure to look for those in the windows in each scene. I probably looked through the book 4 or 5 times before I actually got around to reading the story. So no offense to Rosen - it's good, too, but in my opinion not as attention getting as Sabuda's work. This would make a great gift during Hanakkuh, and I can easily see the book becoming part of a yearly tradition to take it out only then to re-read and enjoy the illustrations among family.

Bought for 4 and 1 year old. Truly a work of art. They loved it. I went ahead and bought another copy to give at a future date. It truly is a lovely experience to read.

This is a beautiful pop-up book by the great Robert Sabuda. I have all of his pop-ups. He is a master. This book is so beautiful and tells the story of why we celebrate Chanukah.

Awesome pop up. Great detail and interesting topics.

Purchased last Chanukah when twins were a year old. Beautiful book with depth and a wonderful accounting of the holiday and our past. It has become a part of the celebration each year discovering more on each page as they grow and mature. A tradition that will be read holiday after holiday. Great gift!

What a beautiful book! I gave this as a gift, and my spouse was thoroughly delighted with it. The intricate fold-out parts are all rendered in bright white, making a beautiful contrast to the muted backgrounds. It tells a delightful story about how a message of freedom and peace spread around this world as Jews migrated far and wide. You don't have to be Jewish to appreciate this -- if you are open to the universal experience of people seeking their place in the world, this story should resonate with you.

Purchased for a seasonal display in a school library, this book is enjoyed by the students. They adore the pop-ups but it does need to be treated oh-so-gently. A good purchase.
