Customer Reviews

Exactly what I need for my travels to Shanghai. The map includes a fairly detailed map of the city on one side and a rail map on the other with all stops listed. It also has some great travel tips. Perfect for my needs!

Fine map

If we could give this zero stars we would. Save your money. Outdated and has no street names or subways...what a joke. Free hotel maps are much better.

Was great to figure out our way when the internet stop working and to find the closest subway stations.

The map is fine but the city is only half of the Country. The maps at the airport are free and cover a lot more. Travel tip: Take a moment to explore the airport before heading out, Singapore has many free and discounted offers onsite. Everything from internet to zoo passes. Wonderful Country.
