# Sleepyheads (Classic Board Books)

## Synopsis

Get ready for bed with this soothing sleepy story—now available as a Classic Board Book! The sun has set, and sleepyheads all across the land are tucked into their cozy beds. Rabbit is snoozing in the weeds, and Duck is snuggled in the reeds. Bear is nestled in his cave, and Otter is rocking on a wave. But there's one little sleepyhead who's not in his bed. Where, oh where, could he be? This sweet and snuggly bedtime book with irresistible illustrations by Joyce Wan is the perfect read-aloud story to prepare little ones for a cozy night's sleep.

## Book Information

Series: Classic Board Books

Board book: 34 pages

Age Range: 2 - 4 years

Grade Level: Preschool and up

## Customer Reviews

PreS-Gr 1—Through rhyming text and cozy illustrations, readers are brought around the property of a farm and into a house at night to seek out all the sleepyheads. Each animal is glimpsed sleeping or about to fall asleep and each one is solely referred to as a "sleepyhead," thereby encouraging children to name the animals depicted. The book is comprised of full-spread illustrations, rendered in pencil and colored digitally. While the setting is nighttime and it is dark, it is not dreary but rather warm and inviting. A glowing crescent moon is visible with every page turn, and all the sleepyheads are endearing and cuddly. This book will make an excellent addition, especially where pajama storytime is popular.—Emily E. Lazio, The Smithtown Special Library District, NY --This text refers to the Hardcover edition.

Little animals, identified only as sleepyheads, make themselves comfortable in various woodland homes, in the barnyard, and in the house. But in a cozy bedroom, one bed is empty. Out on the moonlit porch, the last little sleepyhead is dozing "in Mama's arms." In the softly shaded pencil drawings with digitally added color, touches of white (moon, stars, fireflies, and text) glow brightly against dark backgrounds. As the rhythmic, rhyming text flows on, small children will enjoy naming the plump little animals depicted throughout the book. Most are easily identified, though one (probably a river otter), shown "rocking on a wave" and surrounded by water lilies, looks like a cat, except that it's sleeping in water. If the title alone isn't enough to make young children yawn, the repetitive sounds of the text and the dimly lit, rounded forms of sleeping animals have their own soothing, soporific effect. Good bedtime reading for young children. Preschool. --Carolyn Phelan --This text refers to the Hardcover edition.

We love books and this one was ok. My child loves to read and when I let her pick out the books she wants to read ,she never pulls this one out. In fact ,when I do read it she gets easily distracted. It is not bad but my kids could live without it I never get to read it to the end.

THIS IS SIMPLY ADORABLE!The only "con": at the end, the story repeats itself... After you went through the book and discovered where all the little sleepyheads are sleeping, there are 3 to 4 pages, that go over all the places again, to look for the one last sleepyhead. That is a little too much for our one year old. But it ends with the last sleepyhead is found in Mama's arms, asleep. And when baby gets older, attention span will expand!Great book!

This book is so adorable. My toddler enjoys reading it almost daily and it keeps his attention the entire time. I highly recommend it!

My 2 year old loves this book- she picks it night after night for me to read to her. Guess that's worth giving it good reviews for!

My son (almost two) loves this book. We usually don't read the book word for word because he's not patient enough yet, but that doesn't stop him from pointing to it at night. I think he likes the pictures of all the animals in their different beds. Not my favorite story to read, but he likes it and it wasn't a bad price!

My daughter loves this book. She is 2 years old and thinks it's really cute. Not too long or short and has nice illustration. Helps her fall asleep.

You know there is nothing quite like a sleepy time book. This one is all about nature and has the most beautiful ending a mom or grandmom could wish about--you and your children will read and love this book until the next generation comes along!

I've lost count of how many times I've read this book with my toddler. It's a cute book and my kid likes it.
