Customer Reviews

Franko Maps Ltd. is known for producing the best dive and snorkel maps and guides for the Caribbean and other locations worldwide.

Good quality and very interesting to look at. Easy to read and fold!

Got this to navigate on St. Croix. Not only has the roads and attractions, but makes a wonderful souvenir when you are done. Suitable for framing, even. We drove around for a week and basically just used this map. Wish it has insets for the two large towns, but that you can get from ordinary tourist info on the island.

Excellent map- took with us on a sailing trip around St. John- some of the islands featured (Flanagan) had no place to moor your boat- bummer. The map still looks brand new!

A lot of interesting information on all of the USVI. It shows where to snorkel too. I like that it's water proof and sturdy.

This is a good little map. It is very durable but after a whole week of trekking around it will need replacing before another round :) Great product for the price!

Very helpful map. In addition, it is very colorful and easy to read.

Buy this map if you are diving or snorkeling this area! Plastic coating very useful and important too.

Nice waterproof map of the island.
