Customer Reviews

The most practical, authoritative guide to not-for-profit GAAP Wiley Not-for-Profit GAAP 2013 is a comprehensive, easy-to-use guide to the accounting and financial reporting principles used by

not-for-profit organizations. It is written with the needs of the financial statement preparer, user, and attestor in mind. It provides a complete review of the authoritative accounting literature that impacts all types of not-for-profit organizations. At the same time, Wiley Not-for-Profit GAAP 2013 features many examples and illustrations that will assist the reader in applying authoritative literature to real-life situations. Wiley Not-for-Profit GAAP 2013 excels in providing financial statement preparers, users, and attestors with the most comprehensive and usable information because of these features: Easy-to-use information that enables the reader to find much needed information quickly Coverage of accounting principles specifically related to not-for-profit organizations, as well as accounting principles applicable to all types of organizations Specific coverage of accounting issues for different types of not-for-profit organizations A comprehensive disclosure checklist that helps financial statement preparers and attestors ensure that all disclosures required by GAAP have been considered Many examples and illustrators that make putting accounting theory into practice an easy task This 2013 Edition includes new information covering: Intangible Assets Goodwill and Other (ASU 2011-8) Offsetting Assets and Liabilities (ASU 2011-11) Statement of Cash Flow (ASU 2012-05) Wiley Not-for-Profit GAAP 2013 strives to be a thorough, reliable reference that you will use constantly. It is designed to be kept on your desk rather than on your bookshelf.

As the business manager for a non-profit, I have been looking for a reference that would answer questions as they arise in the course of my work. This volume has done a great job for me so far. I am especially pleased with the index which gets you where you need to go as well as the content which is up-to-date and very clear. By comparison, I rate this book way ahead of the Wiley Financial and Accounting Guide for Not-for-Profit Organizations (8th ed) which is way more expensive but also way less user-friendly, far less succinct, not usefully indexed, and (for my purposes at least) often ambiguous just when I have felt I needed clear guidance. In my judgment, this is a sound, useful guide for people needing a practical reference on NFP accounting.

Great as a reference guide for the volunteer board of a non-profit, recommend it for executive directors and executive board members.

This book gives me the information I need to update myself on new GAAP requirements for when I conduct my church audit. A lot of things have changed since I first went into accounting.

As an accountant working for a not-for-profit corp, this book has all the information than one would need for preparing any type of financial reports

This volume is large and packed with info, but it's readable, with good examples. I use it as a reference, and I'm very happy with it.

Great book, great price!
