Customer Reviews

I hung on every word wondering what would happen next. I know it says it is based on a true story but I can not see how from what I know. You read the book and see if you agree.

One of the best short stories I've read in a while. Excellent read.

Interesting book with a great plot twist at the end. A quick read that is tense and well written.

The book was great. The ending was a complete surprise. It was a definite page-turner. I couldn't put it down until the end which came way too soon for me.

thoroughly enjoyed this book. I would recommend

Ok, this was teeth grinding! I watch horrors, I read demonic possession true books never scared but I was actually scared for this woman and child. Who killed the male Sasquatch? Was it the female one? Maybe it had rabies and that's what set it off. I always believed they were gentle giants. Was she having her period and it smelt it. Maybe a juvenile? Maybe the male and female lost their baby and the male lost it. Do they think like us? Have the same emotions as a mother losing her child?? I would love be to hear more. Thanks.

Will someone please explain this story to me??; I enjoyed it, found it annoying; didn't understand the ending; found it difficult to believe although it says it's based on true events. Did it happen??; HELP!!!

I love non-fiction. Maybe this story is true, but it was just a little too far fetched and unbelievable for me.
