One of Dover's most gifted and versatile artists, Marty Noble is the creator of over 200 Dover items, including regular and stained glass books, stickers, tattoos, stencils, CD-ROMs, and more. Marty has also expertly re-created the art for most of the "Color Your Own . . ." series.

I love this book! Only problem may just be user error, I had a hard time getting the entire image to transfer. It really could just be that I didn't have the iron hot enough. Otherwise, I am very pleased for buying this blind! I wanted to include pictures so others may have an idea of what is inside. Really, quite gorgeous and intricate patterns! Beautiful! Thank you so much!

Fantastic, better than expected. The images are very interesting & clear. I'm excited to give these a try. So much nicer in a book format than a large folded page.

i only liked one of these patterns (the thistle) but i got it to bead, not embroider- with beads you can only get so much detail and the designs are a bit too intricate for that. probably good for embroidery though!

Great for those who love this time period!

Nice patterns and easy to transfer. Worked well

I haven't gotten to use these yet but the book contains some truly unique medieval style transfers that I look forward to using in embroidery projects.

They were too light and I could not use them on anything but white.

Perfect
