Definitive Treatise on the subject! Fact-filled references!!

GREAT READ and interpretation on the History of Columbus and not!

Truths are being exposed by Dr. John Henrik Clarke with this publication. Very thorough and to the point with the information. There are also a lot of references that are provided.

This book opened my eyes as enlightened me about truth. I will recommend this book.

Knowledge

Another great work by one of our great scholars and educators. Do not let the short length fool you. Dr. Clarke provides plenty of information for us to follow-up on for ourselves in this one. Buy this book for the referenced texts as well.

False teaching by the European has been exposed for all to gain true knowledge of the events, time, people, and places that gave birth to the greatest holocaust the planet earth is living with

today. Stop the lie!!!

So much information in this book. I recommend this book. There is a lot to take away from it.
