With his debut series, *Attack on Titan*, Hajime Isayama has enjoyed a meteoric rise from unknown to one of Japan's top comics artists.

Fantastic, the story is getting more in depth and I can not wait to see where it all goes. Not a lot of action, this one is all story building and it is awesome.

Amazing story. I absolutely loved the art cover. We discovered so much and now it seems like there's a whole lot more to come. So exciting!

bestness will get them all

After reading this volume, I can't tell if AoT is nearing it's conclusion or has only just started. I,

honestly, have no idea where the anime could go from the end of this volume though.

Yesss it was soo good! I love attack on Titan!!

*Review 2.0 Original was rather weak*I was lucky in my timing. I decided to re-read the series to prepare for the season 2. We continue to the story of Grisha and what lead to his appearance. We also get to see where the Titans come from. What makes this one rather odd is the fact Eren, who is in prison again, is dreaming about some of these events. We get many answers to our questions. There are a couple which will surprise you. Titan power. Is it a gift or is it a curse? Eren starts having visions and sometimes at inappropriate times. Something is troubling Mikasa. Didn't get an idea as to what. Historia get's a letter from Ymir and we get to see her back story. There is a big meeting as what to do with the Grisha books and we learn there is an enemy far more dangerous then the titans. Historia makes a very queenly decision. Time passes by. Repairs are made to the wall and people are heading back into the Shinganshina district. The Survey Corps such that it is has cleaned out most of the Titans behind Wall Maria. An expedition is sent out and they find the Ocean for the first time. Eren makes a dark comment about possible things to come. I wont' mention it. What we thought we knew has changed. When it the next one out? December? Awwww.....

Everything is connected. Everything makes so much sense now. What else can I say? I love this series, can't wait for the next one!
