Very Enlightening information about the causes of H.B.P. The ways to control it naturally with examples of what foods to eat, meditation, relaxing techniques and exercise. Plus as 30 day diet plan to help lower H.P.B.

Not very well written.

Good book, I am using many of the recommendations, and have some good results. My big problem is stress, last week on vacation Blood pressure was much better. Job is the problem with 50% of the blood pressure problem. I now know that for a fact and this book cannot correct that problem. But it has helped.

it ok

Definitely worth the money. The book states the facts and really gets to the point of what needs to be done in order to lower blood pressure. It also provides recipes and food ideas.
