Customer Reviews

I love to use Lonely Planet travel related books since 1986. They have never let me down.

For the who, what, where and when, this is the book. Virtually everything described is listed on the maps. We had two paper guide books, but this is the one that we carried with us.

This book was very useful on our trip to Prague. Once you get comfortable with the layout of the book. It has helpful guides for 1, 2 or 3 day trips - 1 day won't be enough! We stayed 3 nights and found this book very useful.

OK for Prague but very little information on the rest of the country - which was disappointing.

It was very handy to have this guide in my ipad during my visit to Prague.

This is my first LP book - very informative! Would highly recommend.

I will be visiting Prague in 3 weeks from now. So far this book is excellent for planning to make the most of my holiday.

Very thorough. I found it useful to pinpoint the things I wanted to see.
