## Customer Reviews

Very clever idea! The book contains absolutely no colored pictures, allowing the user to color all of the illustrations for each story. There are also many pictures to complete. Some have light gray lines to trace the character, which is great for young artists who may not be confident enough in their drawing skills to draw a Disney character from scratch. Other pictures have suggestions to complete the picture by adding certain elements. Some of the stories are complete, while others have a few lines at the bottom to write your own ending. My 10-year old daughter has spent hours already working on this book, and we've only had it a few days!

She's in love, I'm in love! My daughter is a huge princess fan AND a huge coloring fan, so finding a book that captures both while encouraging creativity? Couldn't be more perfect. Can't thank Disney enough for sending us a copy for review!
