Customer Reviews

I love microwave desserts. Hungry for something sweet that will be ready in literally minutes and is delicious and hot? Look no further. I have prepared some paleo desserts that were outstanding. The recipes here are as good, if not better, than the ones I have prepared and it looks like a bunch of them can be converted to paleo recipes with no trouble. I am not totally paleo, so I will be fixing some of them as written. ãfÃ ã Å,Ã ÆœÃ Â•Thanks!!

I had no idea a fresh, warm dessert would be so easy! Some of these ideas could even be used as a quick, hit breakfast idea; like the mug pancake, which is delicious. Great idea to switch up dessert!

These mug cake recipes are for the most part very simple. I would have given five stars if all the recipes called for everyday kitchen staples. Unreasonable to buy a jar of Nutella or coconut oil for just a teaspoon or tablespoon.

Nice book.

I have tried a few of these recipes and the texture is not what I expected. I will try them a few times changing the timing a bit. Could it be that simple? Ingredients are easy to get, recipes easy to follow and I love the built in portion control.
