Customer Reviews

my 3 year old loves it

My Kids Love.

A whole episode of umizoomi in a book! My daughter loved playing along with each part. Pattern power, super shapes, and a "celebration"

Kids enjoyed

This book keeps them entertained while learning! My three year olds loved this book and read along as well too

The story is good, but it was a little difficult to read. The font on this book was small with some long sentences. My granddaughter, who is two, asked to read it twice. The pictures are bright and engaging and there are a couple of places for the child to engage in learning.

Love it

This book has lots of excitement in it. My son was reading along. It made him and I very happy to read it together.
