Customer Reviews

I just purchased the book, but looking through I see a lot of sugar, maple syrup, bacon, deli meats, eggs, non whole grain breads, packaged cinnamon rolls. Does this fit in the DASH guidelines? I'm just learning about it but seems like a lot sodium, fats and empty calories.

juliaana did a good job, but for me it was a very long book. It is a cookbook where you will find 365 recipes. The book could have been more interesting if the author gave more information about the Dash diet. You can google it to find the exact meaning on the dash diet, but how can we apply the rules in our day to day life. It will be impossible to follow the exact weight loss plan offered by the author. On an international platform, people from all regions read your books. Your recipes should be easy to follow by anyone. Second, if we do not know enough about dash diet, we cannot use those recipes. It is my recommendation to edit the book and add 2 or more chapters about the dash diet.

Dash diet is one of the healthiest and effective diet that is great to lower your blood pressure as well

as to ensure weight loss. It is hard to come up with different meal ideas everyday, but with this book you no longer have to worry about planning meals because it is full of delicious recipes to keep you healthy and in shape. For everyday of the year, this book will give you 365 delicious and healthy recipes that is perfect for anybody, that way you do not have to worry about planning meals for an entire year.

I am very satisfied with this book. I had a little trouble getting it loaded on my kindle. I didn't understand about the library. Now I know Thanks. Mary

I am really into controlling my cholesterol level, but some of the diet ideas don't seem to work. Well, this book is not only a good read, but it is also filled with amazing tips and information for which I can use.

Lots of good recipes.

Good product

good information on shopping lists and ways to follow and benefit from the dash diet- the recipes are so-so
