I appreciate that someone wanted to take the time to make a guide book. But I have to say this one is fairly useless. The shiny cover is deceptive because the inside pages look Xeroxed. The clip art takes up whole pages and looks like it was downloaded from a free program on Microsoft. The guide barely scratches the surface on what there is to see and do. Some of the pricing is way off for attractions. The author has 8 pages listing his other titles. I did much better just searching for information on-line myself. Sorry I wasted \$8.95. Buyer beware.
