# Found You, Magic Fish! (Magic Bath Books)

## Synopsis

Toddlers will have fun with this book at bath time. Each foam-padded page is constructed of sturdy, floatable vinyl, and shows a picture of a friendly animal. When kids dunk these books into the bath water they get a big surprise. A smiling octopus who turns blue and a curious looking sea horse who turns green are just two of the many sea creatures who change color in this book. When the pages dry out, the animals return to their original white. The book is packaged in a transparent plastic bag with a hanger card.

## Book Information

Age Range: 1 - 3 years

Series: Magic Bath Books

Bath Book: 8 pages

Publisher: Barron's Educational Series; Bath edition (August 1, 2010)

Shipping Weight: 0.8 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars 84 customer reviews

Best Sellers Rank: #29,281 in Books (See Top 100 in Books) #45 in Books > Children's Books > Animals > Fish

## Customer Reviews

(back cover) Find Magic Fish and his friends by dipping the pages of this book in the bath or under a tap. Children will love to see the pictures magically change color Titles in this series: Found You, Magic Fish! Wake Up, Magic Duck! Written by Moira Butterfield, Illustrated by Jeremy Child

Moira Butterfield specializes in books that entertain younger children. She is also the author of several delightful Animal Flappers books for preschoolers, also published in North American by Barron's.

I was looking for unique unusual Bath toys for our 2.5 y.o. twins. Yes, we have all the usual stuff - ducks, balls, buckets - but kids get bored with those fast. I got superexcited when I found these books from Magic Bath Books, that I got all 4: Found You, Magic Fish! (Magic Bath

Books)-Ã Â Who's Playing Outdoors? (Magic Bath Books)-Ã Â Who's Playing on the Farm? (Magic Bath Books)-Ã Â Wake Up, Magic Duck! (Magic Bath Books)PROs:- WATER. Seriously, have and play with books in the water! How cool is that! Kids who love books will truly appreciate it.- COLOR. Of course it's fun that these change color, although it would've been cooler if the change was a bit more obvious/visible- PRICE. Great price under \$6 each!- STORY TELLING. Whether you read what inside the book OR make up the story, it's fun for kids! "The cow goes moo... " etc!CONs:- DRYING. Yes. Please dry each thoroughly - stand it open so all pages dry out simultaneously. The color will change back to original only if dried properly.MORE. I wish there were more books in this series - colors, shapes, numbers, alphabet, farm, ocean - just few ideas to puzzle on. Make it educational even in the water!DESIGN. Just my personal taste, I am not crazy about the drawings. I would prefer another artist. Not bad, just not my favorite.Still 5 stars, as there is nothing similar on the market. And I think it's a MUST HAVE for Water fun!

My baby loves this book! He might just love it because I'll let him chew on it and not other books. But I think he likes the bright colors and simple shapes too. He's not quite old enough (6-7 months) to enjoy the color changing, but will be good for when he's older.

Like others said, the book needs to be completely dried and pages separate for the colors to fade back to white. I've noticed too that even though it's fully dry, there is a very slight shade of the wet color. Not a big deal and fun for my kids

My 15 month old absolutely loves this book! It's his favorite tub toy. The colors react quickly are are bold, so it's really interesting and eye catching fire him. I just bought the other two books in the series for his Easter basket!

this book is cute and short, one line per page, perfect for my 1 year old. she likes it a lot. we keep it in the shower and it doesn't really dry out between uses however (it has to dry out for the color changing effect to "work" again - when it gets wet). also, my daughter really doesn't pay much attention to the color changing effect.we like it though :)

soooo cute! My son loves me to read in the bath and he can throw this around and chew on it!

Fun book! She loves painting the animals. Just make sure to set it out so each page can dry btwn

bath times. Otherwise not all the animals have dried and you can't paint them.

My two year old son loves this book! He asks to play with it all the time. It is fun to watch the animals change colors and it looks great. Once it is wet you have to wait for it to dry before you can do it again, but it is a really fun book. I would definitely recommend it.
