Customer Reviews

Great map series. I highly recommend any state map of this type! For one that uses good old fashion paper maps, this product is for you. I also use these to confirm what my GPS says! Nothing like redundancy!! I have used the free state maps you get from welcome centers or other venues when travelling & had problems with them tearing along the folds or simply wearing out. This eliminates this problem. These maps should last indefinitely & with the economy tanking, I don't expect any radical changes or many new hwys to be built in the near future. However should there be new highways, these maps could easily be drawn on with any marker to modify the map. Great product & well worth the \$\$!!

Easy to read map with ready made gaps on the folds so there is no creasing

Great map

thanks
