# Profit Without Honor: White Collar Crime And The Looting Of America (6th Edition)

## **Synopsis**

Well-written, witty, and authoritative. *Profit Without Honor* clearly exposes the battle between personal gain and individual integrity and provides a comprehensive overview of white-collar crime in American society. Presenting a vivid picture of all types of white-collar crime, the book covers high-profile cases, the latest trends in criminal activity, and a thorough discussion of the victims and consequences of these criminal behaviors. This edition addresses the recurrent financial meltdowns in recent years and the role of fraud and corporate crime in these crises. Utilizing both academic and popular sources, the book challenges readers to grasp the importance and long-term effects of white-collar crime in America.

## **Customer Reviews**

Learned a lot!!! Actually an enjoyable read while taking a summer class. Didn't mind the assignments and went out of my way to read extra chapters past the course.

"Profit Without Honor" is well written, informative, humorous and enlightening. As regards, corporate fraud, you will learn a great deal on how and possibly why white-collar crime is committed. There are case studies that include Michael Milken, Martha Stewart and Ivan Frederick Boesky. You will learn about insurance, government, consumer fraud, etc. This book made me laugh, gasp and shake my head. It is a really good book for anyone (student, youth, older people, housewives, husbands, executives, secretaries, etc.) Reading this book could also help you spot and deter fraudsters.

I could never love a text book because I have never liked reading from textbooks. But this book helped me like fraud even more and helped me learn some more techniques that I hadn't heard of before. It was a good textbook to learn from and keep enhancing my knowledge of the field of forensic accounting.

Great Book!

It is what you need for school.

Purchased this again due to lending my original college copy of it to a friend and never getting it back. This is a great read and a must have. Really opens your eyes to how much crime big corporations are getting away with and how it goes unnoticed. Love this book and recommend it to who ever is interested in this field.

I got this book for school, but I don't really use it. Don't buy this for pleasure reading; it's a bit dry.

A must have to study Business Crime. This book contains all of the big scams and cons in the United States, An overall great book to read!!
