"Here, gathered for your perusal, are some chilling facts and memoirs-a geography of the beyond and a portal to memories of one of the greatest shows ever." — Guillermo del Toro "Gravity Falls is a place you wouldn't want to live in. But it sure is fun to visit. A perfect combination of scary stuff and riotous humor that always keeps me coming back for more." — R.L. Stine, author of Goosebumps and Fear Street

IF YOU'RE SOMEONE LIKE ME AND PLAN ON CAUSING AN END OF THE WORLD APOCALYPSE OR JUST WANT SOMETHING TO PASS THE TIME BY LEARNING ALL OF THE UNIVERSE'S DARKEST SECRETS(EVEN THOUGH I ALREADY KNEW THEM ALL!) THEN I HIGHLY SUGGEST YOU BUY THIS BOOK! SURE, ITS NOT THAT DURABLE (IT COULD HARDLY SURVIVE GETTING BURNED! HAHA) NOR IS IT THE ENTIRE COLLECTION, BUT IT IS A PRETTY INTERESTING READ ABOUT MY POSSIBLE FUTURE SLAVES AND THE GUY WHO WROTE IT SURE KNOWS HOW TO LEND A 'HAND'. THIS BOOK WAS DEFINITELY WORTH SELLING MY LEFT EYEBALL FOR! CAN'T WAIT FOR JOURNALS 1 & 2!

You can really see how much time and effort went into creating this journal. It is an EXACT replica of what is on the show. Its really amazing, especially for the price. It's really good quality and I recommend this to anyone who watches Gravity Falls or even hasn't seen it yet. P.S.- Dippers real name is actually said in this. If you can't find it, its on the page called "The True Theory of Weirdness" towards the end of the book :)

Honestly I was just expecting a weird little "Disney product" book with like show trivia and just one or two pages from the show but oh. My. God. This thing is a beast and I'm so happy? I'm so content with this book. This was everything I wanted and more. I'm just so happy with it I can't even explain it. It's massive and incredible and the quality is amazing I would have happily paid twice the price for it. I'm elated as hell. Thank you. I highly recommend this to anyone who enjoyed the show kids and adults alike. Note: do not leave open while cats are about.

I can't believe how amazing this book is! It's as if the Journal from the show was taken right off the

screen. I love that the cover can come off so you don't have the Gravity Falls logo right on the cover.

The book brims off almost every single detail of the show, Gravity Falls, that I've ever seen. Hats off to you, Alex Hirsch!!

I could not say enough about this book. My whole family is a fan of the show so when my son saw this he had to have it and we preordered it. He couldn't check the status enough to find out when it would ship. My son hardly reads actual books but he read this one from cover to cover. I wish 1 and 2 were not blank or I would order that also. He has friends at school that want to borrow it but he said no this is one of his prized possessions. They have to order their own.

This is a gorgeously designed book, containing little puzzles and what it feels like walking inside the mind of Stanford Pines. Through his inner turmoil and successes that led him, and Fiddleford, to the building of the portal. A must have for Gravity Falls fans, I strongly recommend it.

If you have any unanswered questions about the show, it's in this book. You get backstory, as well as smaller tidbits of information you may have wanted to know about the characters and what happened in between episodes/scenes; including a name we've all been curious about since the beginning. The quality is wonderful: the pages aren't parchment, but they're durable, and are of higher quality than I expected. You really feel as if you're holding the actual Journal. If you're a lover of the show, there's no doubt you will love this book just as much.
