The Bluejacket's Manual, 24th Edition

Synopsis

From the days of oars and coal-fired engines to the computerized era of the twenty-first century, The Bluejacket's Manual has been an essential part of the American Sailor's sea bag for more than one hundred years, serving as an introduction to the Navy for new recruits and as a reference book for Sailors of all ranks. Written by a Sailor whose decades of naval service included sea duty in patrol craft, destroyers, and aircraft carriers as both an officer and a "white hat," this newest edition has been overhauled to reflect the current state of the ever-evolving U.S. Navy, adding such things as camouflage uniforms, new ratings, and the Navy Professional Reading Program. Primarily intended to serve Bluejackets, this book will also be welcomed by potential recruits, Navy buffs, and a growing number of Bluejacket's Manual collectors.

Thomas J. Cutler is a retired lieutenant commander and former gunner's mate second class who served in patrol craft, cruisers, destroyers, and aircraft carriers. His varied assignments included an in-country Vietnam tour, small craft command, and nine years at the U.S. Naval Academy, where he served as Executive Assistant to the Chairman of the Seamanship & Navigation Department and Associate Chairman of the History Department. While at the Academy, he was awarded the William P. Clements Award for Excellence in Education (military teacher of the year). He is the founder and former Director of the Walbrook Maritime Academy in Baltimore. Currently he is Fleet Professor of Strategy and Policy with the Naval War College and is the Director of Professional Publishing at the

U.S. Naval Institute. Winner of the Alfred Thayer Mahan Award for Naval Literature, the U.S. Naval Institute Press Author of the Year, and the U.S. Maritime Literature Award, his published works include *NavCivGuide: A Handbook for Civilians in the U.S. Navy*; *A Sailor's History of the U.S. Navy* [one of the books in the Chief of Naval Operations Reading Program]; *The Battle of Leyte Gulf*; *Brown Water, Black Berets: Coastal & Riverine Warfare in Vietnam*; and the 22nd, 23rd (Centennial), and 24th editions of *The Bluejacket's Manual*. His other works include revisions of Jack Sweetman's *The Illustrated History of the U.S. Naval Academy* and Dutton's *Nautical Navigation*. He and his wife, Deborah W. Cutler, are the co-editors of the *Dictionary of Naval Terms* and the *Dictionary of Naval Abbreviations*. His books have been published in various forms, including paperback and audio, and have appeared as main and alternate selections of the History Book Club, Military Book Club, and Book of the Month Club. He has served as a panelist, commentator, and keynote speaker on military and writing topics at many events and for various organizations, including the Naval History and Heritage Command, Smithsonian Institution, the Navy Memorial, U.S. Naval Academy, MacArthur Memorial Foundation, Johns Hopkins University, U.S. Naval Institute, Armed Forces Electronics Communications and Electronics Association, Naval War College, Civitan, and many veterans' organizations. His television appearances include the History Channel's Biography series, A&E's *Our Century*, Fox News Channel's *The O'Reilly Factor*, and CBS's *48 Hours*.

In 1940 the United States Navy was an antiquated collection of well-built ships and slow but durable aircraft. These two features were to save countless lives in battle with an at-the-time superior foe ie; the Imperial Japanese Navy. Never short on guts, the average 1940 Sailor was not prepared for W.W.II but how quickly things change. Five short years later we were the most powerful fleet EVER. While the 1940 edition of the "BJM" differs greatly from the one I was issued in 1994, the core values of "Honor, Commitment & Courage" have never changed. Pride isn't specifically listed but it's there nonetheless. The "BJM" is a fascinating book for all the practical sailing knowledge it carries. It should be on every yacht owner's bookshelf. Tying knots, heaving lines, rules of the road (sea), etc. Plus it's just plain interesting to read.

This was my Bible after my brothers returned from WWII. Later on the Boy Scout, "Handbook for Boys" became my Bible. Eventually the Holy Bible became my Bible. I am writing a WWII novel and this is my number one research choice for information about naval uniforms, pay, training and rules and regulations. It is an encyclopedia of everything from Morse code and semaphore signals to first

aid and artillery projectile coding. The original owner, M.J. Kizer, marked it well as he didn't want to lose it. I'd like to know the places this book traveled after training.

Wanted a copy since my dad had one fascinating reading. Supplier shipped right away and it was excellent.

Husband loved this. It was just like the one he had when he served in the Navy

THANK YOU! Looked everywhere for my bootcamp copy of this book. Wonderful ! So pleased!
Thanks!

this book was a wealth of information when it was first issued to me back when I enlisted and it is just as good today as it was then, I just wanted to latest edition(s)

Made an American Legion member happy as could be to receive this as a gift. He had asked if I still had mine from the 90's. Of course I didn't, so I bought one for him and one for myself.

great thanks
