As a child in Iraq, I used to always watch my mother prepare meals for my family. Now, I live here in America and it's my turn, like my mother did, to cook for my husband and my three children. As I became busier and busier, I found that there wasn't always time to perform every step in all the recipes I made. Still wanting to retain all the flavor of the recipes, I had to devise shortcuts to save time. Now I can offer them to the public in Treasured Middle Eastern Cookbook. Although this is the first book I have written in English, this is my second cookbook. My first book was written in Arabic and was therefore geared toward a Middle Eastern audience. I then caught on to the rapid growth of the popularity of Middle Eastern food and realized that different people from all sorts of heritages were developing a taste for Middle Eastern cuisine. It was this fact that inspired me to write my second book in English. I wanted everybody to experience the wonderful variety of tastes that the Middle East has to offer.

My sister and I purchased this cookbook because we watched plenty of Samira's videos on YouTube. We have spent time together cooking these recipes. I must say that the food has turned

out well! I truly appreciate Samira for creating such a wonderful cookbook. If you buy this cookbook I would recommend watching her YouTube videos and reading the book as well. Some of her recipes on YouTube ARE slightly DIFFERENT than what she has in the cookbook. It is up to yourself to decide how do you want this food cooked, what ingredients will go into your cooking, etc. So read the recipes in her cookbook and watch the YouTube video at the same time. Personally, (if the recipes are different) sometimes I follow her YouTube recipes, or sometimes I follow the cookbook recipes, or both. That is what I have done. Everything that I have cooked from this cookbook has turned out very good! I would recommend this cookbook to anybody reading these reviews.

did not like book

I've been watching Samira's you tube videos for a while now and she's a great teacher. I was pleasantly surprised to find out more about her and ofcourse to find her AWESOME cook book that is easy to read and follow:) You won't be disappointed with this book..many WONDERFUL authentic recipes. My heritage includes Greek relatives and many of these recipes include some of our favorite classics. Thanks Samira for sharing your many talents!!

I absolutely love this cookbook it covers a variety of different middle eastern foods that I don't ever have to struggle looking up a recipe!!!
